Dear Penn,

Having heard of no new mysterious deaths today, I guess you made it okay.

By the way, how come you missed Banister?? It is not beyond reason to include his partner, Hugh War, and with him Morrison, if you understand the story. I have it in confidence from one who is going to write on it.

Your 1/18 issue arrived today.

Can you reveal the source on Ruby's money?

After you phoned, I phoned two west-coast newsmen who are on our side, just in case.

Best to you all fromus both

Sincerely,
